Kalikasthan, Kathmandu, Nepal

The Department of Immigration (DoI) is very sensitive to the inconvenience caused to foreign nationals being unable to extend their VISAs due to the recent developments in Nepal.

Foreign nationals whose VISAs were valid up to September 8, 2025 A.D. and who are required to depart during the period in which curfew order is in effect, shall be granted VISA regularization and exit permission without additional fees from the immigration offices at the respective points of departure.

Likewise, essential arrangements have also been made for VISA transfer for foreign nationals who lost their passports during this period and have obtained a travel document or emergency passport from their respective embassies. In such cases, their VISAs will be transferred in accordance with existing regulations, and they will be granted VISA regularization and exit permission from the concerned immigration office itself.
